AM International Final 2021

Online Experience

The whole competition was conducted online.

The competitors took the material-based objective test for the final round in two hours (specially formatted for online) on November 20th to answer the 100 multiple-choice questions, which test their abilities to learn and understand new knowledge of advanced academic theories.

Through the tests, students showed their comprehending and learning abilities as well as harvest new knowledge through the event itself.

International Advisory Committee

AM International Final 2021 got support from professors worldwide. All of AM advisors come from world top universities and most of them are leading experts within their specific professional fields. Our Advisory Committee members volunteered their time and expertise choosing competing topics, giving suggestions for test design and reviewing the test paper for AM International Final Round.

The AM International Final 2021 would not have been possible without the support and outstanding work of our advisors.

To all our honorable advisors, it is with sincere appreciation that we say “thank you.”
